:

The Patentee's Request for Recalculation is **DISMISSED**.

This Request is deemed ineligible for consideration for one or more of the following reasons:

(A). The patent for which PTA recalculation is requested is either a design or reissue application or is a reexamination proceeding;

(B). The patent for which PTA recalculation is requested resulted from a utility or plant application filed under 35 USC 111(a) before May 29, 2000 and no CPA filed in the application on/after May 29, 2000;

(C). The patent for which PTA recalculation is requested resulted from an international application in which the international filing date was before May 29, 2000 and no CPA filed in the application on/after May 29, 2000;

(D). The patent for which PTA recalculation is requested issued on/after March 2, 2010;

(E). The Request for Recalculation was filed more than 180 days after the grant date of the patent and the request was not filed within two months of a dismissal of a request for reconsideration of the of the patent term under 37 CFR 1.705(d);

(F). The Request for Recalculation is not solely limited to USPTO pre-Wyeth interpretation of 35 U.S.C. 154(b)(2)(A);

or

(G). A civil action was filed pursuant to 35 U.S.C. 154(b)(4)(A) concerning the same patent at issue in this request.

Patentee may file a reply to this decision dismissing the Request for Recalculation. Patentee must file such reply within one month or thirty days, whichever is longer, of the mail date of the decision dismissing the Request for Recalculation. No fee is required if patentee is asserting in the reply that the dismissal for ineligibility is improper.

Patentee should use document code PET.OP if electronically filing a reply to this dismissal. If the USPTO finds that the request was improperly deemed ineligible, the USPTO will mail applicant a recalculation determination.

Patentee should be aware that in order to preserve the right to review in the United States District Court for the District of Columbia of the USPTO patent term adjustment determination, patentee must ensure that he or she also take the steps required under 35 U.S.C. 154(b)(4)(A). Nothing in the request for recalculation should be construed as providing an alternative time frame for commencing a civil action under 35 U.S.C. 154(b)(4)(A).

Any questions concerning this decision should be directed to the Office of Patent Legal Administration at 571-272-7702.
